For the ‘Quiet Beatle,’ George Harrison made a lot of noise. He elevated the role of lead guitarist to front-line status and his playing powered the band over rowdy club audiences in Liverpool and Hamburg. He added sublime quiet touches that helped make Lennon and McCartney’s masterpieces complete. He provided an extra touch of elegance in his memorable, melodic solos. George was also a great harmony singer and became a great lead singer and songwriter as well. Standing between two giant Redwoods, George made his presence known and crucial, both musically and as the quiet soul at the center of music’s greatest band.

Glenn Gass is a Rudy Professor and Provost Professor of Music at the Indiana University Jacobs School of Music, where he developed a series of courses on the history of rock and popular music. These courses were the first to be offered through a school of music and are now the longest-running courses of their kind in the world. He is the author of "A History of Rock Music: The Rock & Roll Era."

Gass has been the recipient of many distinguished teaching awards and honors. He was chosen as the "Best Professor at Indiana University" several times by the Indiana Daily Student and in nine consecutive Bloomington Voice/Independent annual polls, after which the category was renamed “Best Professor at Indiana University Except Glenn Gass.”

The Glenn Gass Scholarship was established in 2013 with a generous contribution from former Trustee P. A. Mack Jr. Glenn and his wife, Julie, have two sons, Julian and Mathew, who was born on John Lennon's birthday.

Register by noon on Tuesday, February 23 by emailing uclub@indiana.edu. Only members who register by the reservation deadline will receive a Zoom link for this presentation.

We meet on Wednesday morning from 9 a.m. - 10 a.m. with a rain date on Friday. You will receive an email Wednesday morning if the walk needs to be moved.

In order to accomplish social distancing, we walk two by two with one person on the sidewalk and the second person near/in the street. We recommend wearing masks in order to keep each other safe even though we will be social distancing. With the re-opening of the state, virus transmission may increase. We want to keep everyone safe.

MAH JONGG

Mah Jongg is a tile-based game that originated in China. It is commonly played by four players. The game is played with a set of 144 tiles based on Chinese characters and symbols, although some regional variations may omit some tiles and/or add unique tiles. In most variations, each player begins by receiving 13 tiles. In turn, players draw and discard tiles until they complete a legal hand using the 14th drawn tile to form four melds (or sets) and a pair (eye).

Mah Jongg is open to new members who know how to play or are interested in learning the game. We are happy to teach you! We are playing American style with the 2019 card. **We will not be meeting until the pandemic is over.**

WRITE A FAMILY TREASURE

Do you love to recount childhood adventures? Was there an event that changed your life? The University Club is considering a new interest group, Write a Family Treasure, which will inspire members to write about their lives and help them get started. It would meet once a month. Each meeting would last about two hours. The first meeting would cover some of the fundamentals about writing about yourself: what form your writing might take, how to overcome the impediments to writing, and what tools are available. It would include writing prompts and a little time to write. In subsequent meetings, group members would discuss their progress and share some of their writing. These meetings would also include additional prompts and time to write.

If you are interested in this group, please contact Wendy Teller at teller@rcn.com or call her at 812-334-7974.
